

**We mourn the loss of Dr. Amory Burchard, longtime head of „Wissenschaft in Berlin“ at the Tagesspiegel.**

Amory Burchard was always an interested, approachable and thoughtful contact person for the topics of ZMO and supported scholars at risk by creating public awareness for their plight. She is a founding member of the Berlin cultural centre [Ulme35](#). From 2014 to 2016, she was a member of the Advisory Board of ZMO and provided us with advice and support. An obituary by the Tagesspiegel can be found [here](#). Our thoughts are with her husband and family.

We will miss her!
